

Design a Road Safety Banner

Competition!

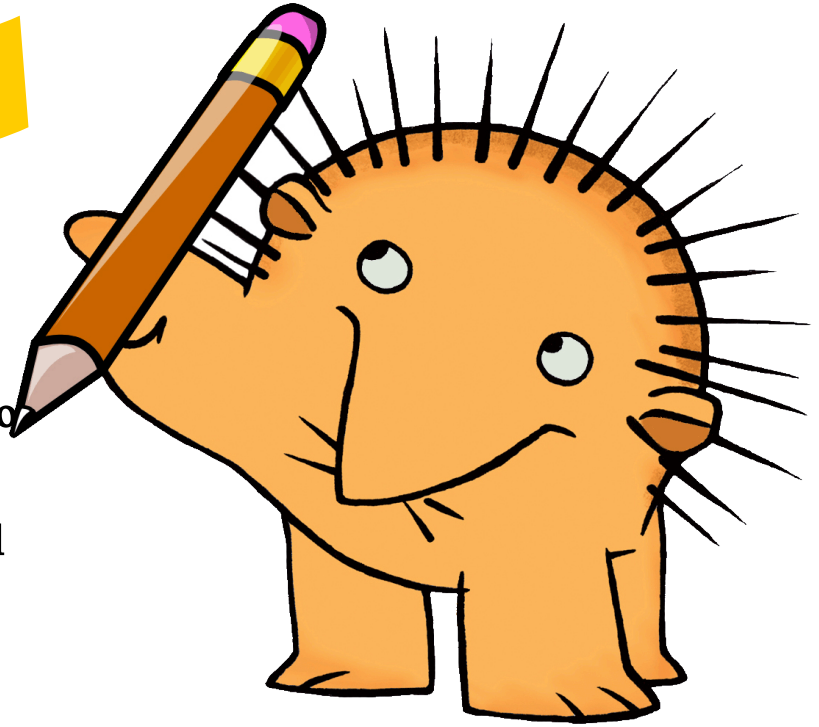

Information for teaching staff

Get Creative!

Your pupils will see their

Road Safety design reproduced onto a Banner which will be displayed outside the school.

We need to encourage everyone to walk more and park responsibly when coming to and from school for everyone's safety.

We would like your pupils to create a design which can be re-produced onto a large banner to be displayed outside your school.

We will choose original designs that encourage walking to school and parking legally and responsibly for the benefit of everyone.

The winner will receive a certificate and road safety goodies.

Your school can design to keep in

Important key points

have a copy of the school.

Designs need to be submitted landscape on full width A3 Paper cut in half depth for the design to be best represented on to an 8ft x3ft banner.

Simple, bold clear designs work best, artwork can include simple phrases or slogans.

Please use bold colours, and avoid yellow as it is not clearly visible on a banner. Using felt tips or paint is best.

Please do not mark the children's work as their actual design is created into a banner. We can make adjustments as necessary for spelling etc.

Many thanks for your support.
